Chair's closing remarks

Lisbeth Norup Frømling

15.30 End

The G+ Stakeholder Forum is an annual opportunity for the entire sector to gather and discuss health and safety of offshore wind projects. You'll hear from current G+ workstreams, learn about the latest safety initiatives, and explore the G+ incident data. This year, we'll explore how we can better work in partnership for the benefit of those on the front-line.

Attendance is free, but spaces limited – [register now to confirm your spot!](#)
