

Become a G+ Associate member

In partnership with

The G+ Global Offshore Wind Health and Safety Organisation (G+) comprises the **biggest offshore wind farm operators globally**.

The primary aim of the G+ is to **create and deliver world class health and safety performance** across all activities in the offshore wind industry.

As the leading global authority on health and safety issues in the offshore wind industry, the G+ is committed to engaging with all key stakeholders in order to **find solutions to the safety challenges** that offshore wind projects face.

G+ ASSOCIATE MEMBERSHIP

- Become part of an open network of health and safety experts, professionals and stakeholders and help to provide health and safety leadership and direction to the industry
- Attend the G+ Annual General Meeting with members of the G+ Board of Directors
- Attend G+ Focal Group meetings and propose agenda items for discussion
- Contribute to G+ work programme
- Actively participate in G+ working groups to deliver health and safety products for the industry
- Contribute suggestions for topics and presentations to be included in the G+ "Safe by Design" workshop programme
- Gain industry recognition as an Associate Member on the G+ website
- Includes Technical Company Membership of the EI (see overleaf for benefits)
- Discounted access to the EI's good practice resources

Membership Fee

- The annual membership fee for G+ Associate Membership is GBP16K.
- It includes EI Technical Company Membership (see overleaf).

The Energy Institute (EI) offers secretarial support to the G+. It is a not-for-profit registered charity, which exists to **promote and advance knowledge, skills and good practice in energy for society's benefit.**

EI TECHNICAL COMPANY MEMBERSHIP

Industry leadership

- Benefit from the EI technical programme outside of the G+ offshore wind programme, in the areas of human and organisational factors, process safety, health and environment.
- Opportunity to sponsor [high profile industry events](#), such as the EI Awards, IP Dinner or numerous conferences throughout the year.
- Enhance your reputation in industry and raise your profile.

Access to specific technical committees

- Valuable means of networking and sharing knowledge informally with peers.

Access to knowledge and industry information

- A global licence to access [EI publications](#) within the areas of offshore wind, human and organisational factors, process safety, health and environment. EI good practice guidance is used internationally – in 2017 there were over 14 950 downloads of EI guidance by the EI's Technical Members, across all global regions where the industry is active.
- Easily transfer to the [EI Knowledge Service](#) to access 90 000+ wider industry resources, including news, abstracts, data sheets, contacts, events, periodicals, and more. All digital content available through the Energy Matrix and EI Collections is available to download.
- Access to monthly [Energy World](#) magazine free of charge.

Professional development of staff

- Support for individual staff on application for [professional recognition](#) as Chartered engineers, energy managers, scientists or environmentalists is available from the EI.
- Access to technical workshops, [conferences](#) and [training](#) as speakers and delegates significant discounts on listed prices.
