G+ NOTICEBOARD

- [REGISTRATIONS NOW OPEN!](#) **G+ Stakeholder Forum 2027**, 3-4 March, Copenhagen
- September newsletter published – [Catch up here](#)
- Marine Coordination case study published, [read it here](#)

BOARD APPOINTMENTS

The G+ welcomes Giles Mackey (Global Head – HSSE, JNBP) as the new Board Chair, with Pavlo Malysenko (Head of Generation, Offshore, Vattenfall) taking the Vice Chair position. The team bids a fond farewell to Lisbeth Norup Frømling as she departs Ørsted, extending sincere thanks for her leadership and contribution to the organisation during her time on the Board. [Press release](#)

EVENTS & ENGAGEMENT

Lifting in APAC workshops

In July, G+ completed three workshops in Taiwan (7 July), Korea (23 July) and Japan (28 July) to explore the application of the G+ Governance of Mechanical Lifting Operations guidance across APAC. The workshops identified practical implementation challenges and gathered valuable insights to shape the next stage of the workstream. [Read more here](#)

Japan Stakeholder Day

On the 1 July, the G+ held its Japan Stakeholder Day in Tokyo. The day included sessions on offshore wind data, training, and marine safety. [Read the full report here](#)

Americas Stakeholder Forum

On the 29 September, G+ welcomed a strong turnout to the Americas Forum in New York City. Attendees visited the Empire Wind staging facilities and participated in discussions on safety management system functionality, emergency response and electrical safety. The next day, they even managed a visit to the Local 3 electrical training facility! Full report to follow.

G+ & WA CTV Day 2026

Hosted in London on the 17 September, CTV representatives discussed a range of issues, from the “quick wins” to the “elephant in the room”, including seatbelt usage and weather conditions to drug and alcohol testing. Event report on the way!

UPCOMING EVENTS

G+ Lifecycle call

10 November 2026 | online

Aimed at Project Directors and Site Managers, we reflect on the implementation of [EI 3622 Severe Weather Preparedness GPG](#), following its launch earlier this year. Join us to collaborate with others experiencing similar challenges and successes! Contact gplus@energyinst.org.

Foundation Fabrication Workshop

24 November 2026 | Antwerp, Belgium

This event focuses on improving safety in foundation fabrication, specifically the many lifting operations involved. Through practical case studies, interactive discussions, a realistic lifting scenario exercise and a guided site tour, participants will contribute to ongoing industry efforts to enhance safety across offshore wind foundation fabrication activities.

[Register now](#)

G+ Stakeholder Forum

3-4 March 2027 | Copenhagen, Denmark

The event will feature an emergency response workshop on the first day, followed by an evening welcome reception. On the second day, join the full Stakeholder Forum, which, following popular demand, will see the return of breakout sessions. [Register here](#)

HAVE YOUR SAY

Walk-to-work (W2W) survey

Have you crossed a W2W gangway or know someone who has? Complete our short survey or share it with colleagues to help make W2W operations safer. [Survey link](#)

Lifesaving Rules (LSR) Survey

Nearly 2 years since their launch, we would like to understand how the LSR are being used. Did you know about them? Is your company using them? [Complete the survey](#) to shape where we go next.

WIDER INDUSTRY

International Regulators Forum Offshore Renewable Energy Sub-committee AGM

1 October 2026 | Rio de Janeiro, Brazil

The G+ was invited to present on the focus areas that have emerged from our historical data, how we help industry to manage risk through the Good Practice portfolio and where we see the offshore wind risk profile evolving. Regulators from Australia, Brazil, Canada, Denmark, the Netherlands, New Zealand, Norway and the UK were in attendance. Look out for the meeting minutes and learn more on the [IRFORES website](#).

SafetyOn Stakeholder Forum

3 December 2026 | Edinburgh, Scotland

This annual event brings together stakeholders from across the industry for a day of engaging discussions, shared learning and valuable networking opportunities. [Secure your space now!](#)

International Energy Week 2027

23-25 March 2027 | London, England

This event features high-profile keynotes, panel discussions and networking, along with the prestigious dinner and awards ceremony. Join senior leaders shaping the future of energy. [Register your interest here](#)
